25 YEAR RE-REVIEW

AD/TRANS
was for

17 February 1956

1. Approved request for [] to take [] course []
[] raised the question whether SE would have other demands for instruction

[] in the near future, in which case, it would be better to organize
a class here. Checked with [] who says they have no foreseeable
requirement for internal intensive [] courses at this time.

2. [], JOT, dropped out of OFC because of too much pressure and
reported to Medical Office in a nervous condition on 13 February.

3. [] pointed out to me that there is a considerable duplication
between the Intelligence School course on writing and the Basic School
course on writing, and between the two courses on speaking. []
report on IPM #10 points out that it was a mediocre class and he questions
whether the course serves any useful purpose. He says that comments on the
course are being obtained from DD/I offices.

4. [] Weekly Activity Report of 15 February gives a pretty
complete account of the two-day CE seminar and its findings.

5. Met with [] for two hours to begin the job of
reconciling the T/O with the ceiling. Meeting again 23 February 1956.

6. [] worked on a redraft of the proposed regulation on Incentive
Language Awards which he will coordinate with [] and me before sending
it to the Regulations Control Staff.

7. Presented notifications of membership in the Career Staff to 31 people
in a little ceremony. Also presented three notifications on 15 February
